Emanuele Pardini

Master's student in Mathematics

About Me I'm currently a master's student in mathematics at University of Pisa, my studies focus on the fields of stochastic analysis and machine learning theory. I'm always open to discover and learn new things and ideas.

Education

2022 - present

MSc in Mathematics, University of Pisa

 Pisa, Italy

Some relevant exams:

- Mathematical statistics
- Data analysis
- Deep learning theory
- Principles of probability (about the foundations of stochastic analysis)

Some courses of my study plan included a presentation as part of the exam that I used to train my oral communication skills in both Italian and English.

2018 - 2022

BSc in Mathematics, University of Pisa

 Pisa, Italy

Using the eligible exams available in the study plan I focused my studies on the fields of mathematical analysis and probability theory.

2013 - 2018

Technical High School Diploma, ITIS E.Fermi

 Lucca, Italy

Technical high school diploma in Electronics.

Experience

2017

Intern, Pluriservice srl

 Lucca, Italy

Intern organized by my high school as electrician.

Skills

Programming

- Python
- C
- Matlab
- L^AT_EX

Data Analysis and Machine Learning

- Python:
 - Numpy
 - Pandas
 - Scikit-learn
 - Matplotlib, Seaborn
 - Tensorflow
- Excel

Computer Software

- MacOS
- Linux
- Visual Studio Code
- Jupyter Notebook
- Git, Github
- Anaconda

Soft Skills

- Analytical thinking
- Mathematical modelling
- Teamwork
- Problem solving
- Statistical modelling
- Oral presentation

Language Skills

- Italian (Native)
- English (B2)
